WHAT IS THE BENEFIT OF THE MULTI-ACCOUNT FEATURE?

The Multi-Account Feature allows you to consolidate all of your Silver Bullion Accounts under a single username and password, making it easier to manage your accounts as you don't need to remember and set up different user names, passwords, and two-factor authentication when logging into the Silver Bullion website.

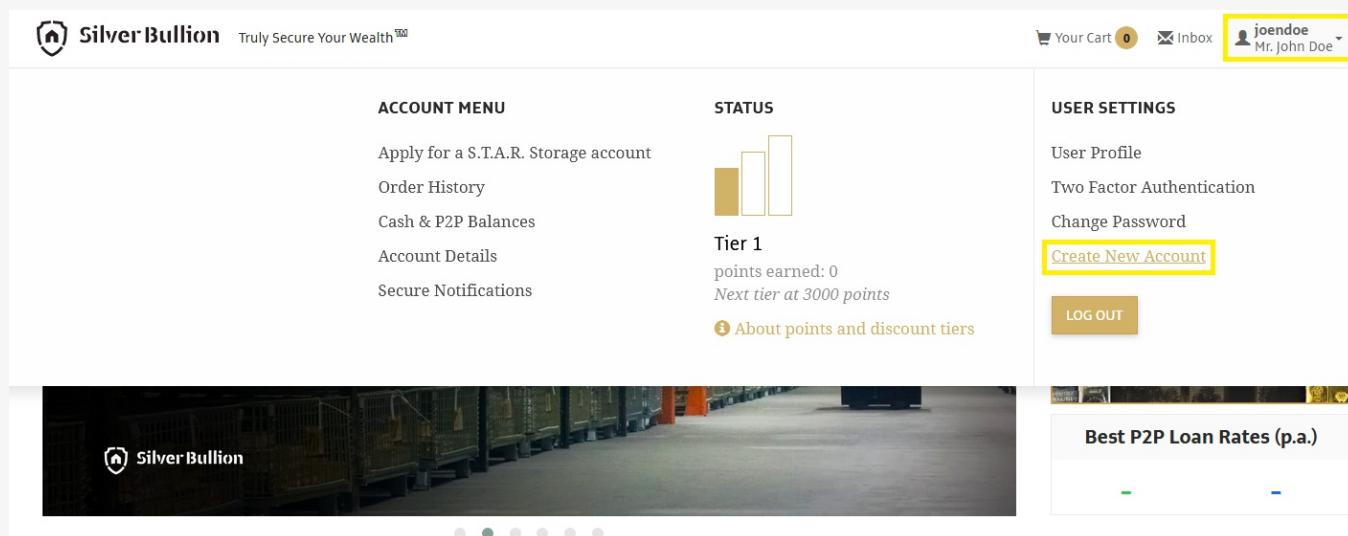

This feature also allows you to consolidate all emails or notifications into a single email address.

If you already have 2 or more accounts and wish to consolidate them into a single username and password, you may follow this [ACCOUNT LINKING GUIDE](#).

THE STEPS:

Step 1

Log-in to your account and click on your **PROFILE** (top right corner of the page), then select **CREATE NEW ACCOUNT** under the User Settings column.

The 'STATUS' section shows a bar chart and indicates the user is at 'Tier 1' with 'points earned: 0' and 'Next tier at 3000 points'. The 'USER SETTINGS' section lists 'User Profile', 'Two Factor Authentication', 'Change Password', and 'Create New Account', with the latter highlighted by a yellow box.
